

# International Journal of Engineering and Science Invention

e-ISSN : 2319-6734

p-ISSN : 2319-6726

## Contents :

- |  |       |
|--|-------|
| Characterization of Monocrystalline Silicon Solar Cells based on the Phosphorus Diffusion Temperature<br><i>R.M. Ali, M.B. ZAHRAN, A.M. YOUSSEF, A. ELIWA</i>  | 01-07 |
| Studies on human body effects on a printed UWB microstrip antenna, and SAR analysis in WBAN applications.<br><i>N. Sheshaprasad, S. B. Bhanu Prashanth</i>   | 08-17 |
| A Study of the Association between Intestinal Infections and Age and Sex of Pupils In Seven Primary Schools of Tamburawa, Dawakin-Kudu Local Government, Kano State of Nigeria<br><i>Dauda Yusuf Tofa, Sunusi Sulaiman</i> | 18-29 |
| Applying principal component to study the Yemeni students in Aurangabad immunity against covid-19<br><i>Ahmed M. AL-Hammadi, Sami Abdul Qader M. AL-Ademi, Mahfouz Nasser, Dr. Kaveri S. Lad</i>                           | 30-37 |
| Sustainable Development and Environmental Education<br><i>Dr. R. K. Pathak</i>   | 38-41 |
| Heat transfer analysis of Shell and u tube heat exchanger<br><i>Shailandra Kumar Prasad</i>  | 42-44 |
| Indigenous Muskmelon Germplasm Assessment and Their Breeding Potential<br><i>D. K. Singh, S. K. Bairagi</i>  | 45-50 |
| Protein Released In the Culture Filtrate Of two selected strain of <i>Chrysosporium Tropicum</i> Controlled by KCl, NaCl AND sucrose in shaking condition using human hair<br><i>Dr. Firdos Katiar</i>                     | 51-60 |
