

# International Journal of Engineering and Science Invention

e-ISSN : 2319-6734

p-ISSN : 2319-6726

## Contents :

A Study On Recruitment And Selection Process On Megamind Systechn Pvt.Limited Pune	01-07
Strategic Road Safety Plan by the company L&S Executive and tourism transport	08-15
Standardization of Administrative Processes at the Faculty of Engineering of Universidad Libre, Bogota Branch	16-27
Analysis of the constructive role of the Internet of Things in environmental protection and innovative improvements: Taking Shenzhen as an example	28-32
Calculation of turbulence flow field around photovoltaic inclined plate based on CFD	33-41
Conservation Efforts of Pertamina Gas Operation Kalimantan Area Company in Protecting Flora and Fauna Diversity Ecosystems in Mangrove Forests Kutai Saleba Bontang National Park, East Kalimantan	42-54
The Exploration of the CAD and 3D printing using Recycled Plastics	55-63
Deep Cryogenic Treatment applied to AISI 420 Stainless Steel, with subsequent Tempering or Aging: Evaluation of Hardness, Impact Toughness and Microstructure	64-76
Advance Security and Privacy Issues in 5g and 6g Networks	77-81
Comparison of Magnetized Silicon Oxide and Aluminum Oxide Nanofluids in Solar Desalination with Thermal Storage	82-100
Green Finance and Its Impact on Sustainability: The Case of Sultanate of Oman and Middle East Countries	101-105
Influence of Minor Irrigation Tanks Storage Water on Ground Water Recharge over Lateritic, Basaltic and Granitic Formations of Gangakatwa Stream Basin Telangana - India. A Case Study	106-113
Mise en évidence des structures linéamentaires du biseau sec du Bassin Sédimentaire Côtier du Togo (BSCT) par les SIGs et la Télédétection : application aux ressources en eau	114-118
