

International Journal of Engineering and Science Invention

e-ISSN : 2319-6734

p-ISSN : 2319-6726

Contents :

By Using Burners For Pulse Combustion To Greater Efficiency And Reduce Emissions Of Solid Fuel Boilers	01-15
Enhancing Capacity of Pile Foundation: Mechanisms & Variables by Exploring the Significant Role of Skin Resistance	16-23
Effects of Fertilizer Levels on Amount and Quality Contents of Rice Bran Oil in New Japonica Rice Varieties with Giant Embryo in Northwest Region of Vietnam	24-30
Simultaneous Estimation of Olmesartan and Rosuvastatin by RP-HPLC	31-38
ACPI Control Theory	39-47
Results of Genetic Diversity Assessment of Local Rice Genetic Resources	48-56
Synthesis, Characterization and Antimicrobial activities of Co(II), Ni(II) and Cu(II) Metal complexes derived from 2-[[2-(5,7-dimethyl-1,3-benzothiazol-2-yl)hydrazinylidene]methyl}phenol derivatives as ligands	57-63
Mechanical Properties on Pineapple Leaf Fibre Concrete by Using Dunite Powder and Zeolite Powder As Partial Replacement Cement	64-68
Computational Fluid Dynamic Analysis of Delta Wing at Low Mach Number	69-73

IJESI

Volume 12, Issue 7, July 2023
