

International Journal of Engineering and Science Invention

e-ISSN : 2319-6734

p-ISSN : 2319-6726

Contents :

Seismic Behaviour of Bracing Damper Systems by Utilizing Steel Dual Ring	01-08
Development of the Salary Structure for an IPS with a Focus on Cancer Promotion and Detection	09-16
Information Systems for Monitoring Animal (Cow) Welfare	17-19
Standardization of Internal Processes in the Graduate Institute of the Faculty of Engineering at Universidad Libre, Bogotá Branch	20-28
Development of the Salary Structure for an IPS with a Focus on Cancer Promotion and Detection	29-36
Improvement of the Pattern Drafting Process in the Textile Sector using the Dobot Magician Robotic Arm	37-43
A Study on Nonlinear Electrostatic Wave Structures in Lunar Plasma Environments	44-50

IJESI

Volume 15, Issue 2, February 2026
