

# International Journal of Engineering and Science Invention

e-ISSN : 2319-6734

p-ISSN : 2319-6726

## Contents :

High Performance of MPI-FDTD on Multiprocessors	01-08
Impact of cashless system on economic growth and Regular lifestyle of farmers With respect to Ahmednagar district	09-11
Recent Applications of HYDRUS Model: A Review	12-19
Experimental Investigation on 4-Stroke C.I. Engine with Different Piston Crown Materials using esterified bio-diesel oils as an alternative fuels	20-30
Intelligent Rainwater Monitoring System	31-36
Cloud Computing Data Group Distribution and Restricted Distribution with Multi Owner	37-45
Numerical Analysis of Injection Molding Of Polypropylene Parts with Glass Fibers	46-52
Pre-treatment of Sludge using Fenton Process	53-58
Telesurgical Bionic Arm	59-63
Design and Implementation of a Microcontroller Based Roasting Machine Using Software Based PID Controller	64-69

# IJESI

Volume 8 ~ Issue 11, Series.2 (November. - 2019)
