

International Journal of Engineering and Science Invention

e-ISSN : 2319-6734

p-ISSN : 2319-6726

Contents :

Study to Assess the Knowledge and Practices of Handwashing Technique Programme among Nursing Students in Selected Nursing Training School of West Bengal Nivarani Jana(Kamila), Jharna Bag	01-07
3d Scalar Derivatiivesapplied To Interpolation Adolfo	08-15
Seasonal and Temperature Variation of Soil in Port Harcourt City and Planting Depth of Electrodes Priye Kenneth Ainah, John Tarilanyo Afa, Bodise Lebrun Bolou-Sobai	16-21
Analysis of Gray Situation Decision-Making for Energy-saving Scheme in Ganjiang New District Hospital, Jiangxi Province Sun Wenqi, Zhou Zaohong, Wu Chunjuan	22-24
A Study on Free Convection Heat Transfer From a Heated Finned Object in a Channel M. M. Alam, M. A. Jafor	25-40
Numerical simulation of the influence of wind speed on asphalt fume diffusion concentration distribution in road construction Xiaobo Guo	41-45
To Dampen the Low Frequency Oscillations in the Power System Using the Supplementary Controller Design For the IPFC Manjunatha S C, Dr. Shankarappa F Kodad	46-52
Determination of Cu(II) in Amarja Dam water and their sediment samples obtained from Aland, Kalaburagi, Karnataka, india using 2-[4-(hydroxymethyl)-1-phenyl-1H-pyrazol-3-yl]phenol derivatives by spectrophotometric method Ambika Bhusange, Nirdosh Patil	53-58
Innovative Thermophotovoltaic Hybrid Resin Tile Matteo Greppi, Giampietro Fabbri	59-64
