International Journal of Engineering and Science Invention

e-ISSN : 2319-6734

p-ISSN : 2319-6726

Contents :

Effectiveness of Constraint Induced Movement versus Motor Relearning To Improve Motor Function of Hemiplegic Upper Limb after Stroke: A Comparative Study	01-04
Fluctuations Of Oil Palm Fresh Fruit Bunches In Labuhanbatu Regency	05-08
Design of Ofdm Transmitter and Receiver with Programmable Fft	09-16
A Novel Approach to Bioremediation of crude oil contaminated Land in the Niger Delta: A case Study of Ogoni Oil Polluted Area	17-23
Determination of Radioactivity and its Level in Gemstones Beads used in Nigeria	24-27
Design and Production of a Screw Conveyor with an Automated Bagging Unit	28-34
Testing the Effect of Building Materials on Carbon Footprint	35-41
Evaluation of the Economics of Flare Gas Conversion: A Case Study of Gas-To-Liquids and Compressed Natural Gas Technologies	42-50
Combined Optimization of Dynamic Facility Layout and Production Planning	51-54
The Effect of Temperature on the Efficiency of a Silicon Solar Cell Shaded by a Mesh as a Function of the Mesh Parameters and Operating Conditions	55-65
Design of Automated Machine to Collect and Stack Boxes	66-73
Fuzzy Logic Control Implementation on Matrix Converter for Grid Connected System	74-78
Study on nutrient release from litter of Quercus incana and Cedrus deodara in different seasons in Mussoorie himalayas (Uttarakhand, India)	79-80

International Journal of Engineering and Science Invention (IJESI)

International Journal of Engineering and Science Invention (IJESI) is an international journal intended for professionals and researchers in all fields of computer science and electronics. IJESI publishes research articles and reviews within the whole field Engineering Science and Technology, new teaching methods, assessment, validation and the impact of new technologies and it will continue to provide information on the latest trends and developments in this ever-expanding subject. The publications of papers are selected through double peer reviewed to ensure originality, relevance, and readability. The articles published in our journal can be accessed online.

The Features of IJESI

- * Open access to all researchers
- *Fast publication process
- *Proper peer review process
- *Electromechanical Engineering
- *Suggestion to author if article need modification
- *Post-publishing work like indexing of each article to different database.
- *Journal publishes online as well as print version.
- *Print version dispatch to author within a week of online version
- *Journal provide digitally signed e-certificates to all author after the publication of paper

LIST OF JOURNALS :

- **International Journal of Engineering and Science Invention (IJESI)**
- **International Journal of Pharmaceutical Science Invention (IJPSI)**
- **International Journal of Business and Management Invention (IJBMI)**
- **International Journal of Humanities and Social Science Invention (IJHSSI)**
- **International Journal of Mathematics and Statistics Invention (IJMSI)**

Submit your paper in Invention Journals

Submissions must be original and should not have been published previously or be under consideration for publication while being evaluated by Invention Journals. All articles are subjected to a peer-review process. All submitted articles will be judged based on their quality Authors are requested to submit their articles in M.S Word format to online submission process on Invention Journals website www.ijesi.org

Terms of Submission

Papers must be submitted on the understanding that they have not been published elsewhere and are not currently under consideration by another journal. The submitting author is responsible for ensuring that the article's publication has been approved by all the other coauthors. It is also the authors' responsibility to ensure that the articles emanating from a particular institution are submitted with the approval of the necessary institution. Only an acknowledgment from the editorial office officially establishes the date of receipt. Further correspondence and proofs will be sent to the principal author before publication unless otherwise indicated. It is a condition of submission of a paper that the authors permit editing of the paper for readability.

Peer Review

All manuscripts are subject to peer review and are expected to meet standards of academic excellence. Submissions will be considered by an associate editor and if not rejected right away by peer-reviewers, whose identities will remain anonymous to the authors.

Paper Acceptance:

The final decision on publication is made by the Editor-in-Chief upon recommendation of the Editorial Board Members. If the manuscript is accepted for publication, it must not be published in any periodicals elsewhere without the permission of the editorial board

Copyright Form

Open Access authors retain the copyrights of their papers, and all open access articles are distributed under the terms of the Creative Commons Attribution license, which permits unrestricted use, distribution and reproduction in any medium, provided that the original work is properly cited.

The use of general descriptive names, trade names, trademarks, and so forth in this publication, even if not specifically identified, does not imply that these names are not protected by the relevant laws and Regulations.

While the advice and information in this journal are believed to be true and accurate on the date of its going to press, neither the authors, the editors, nor the publisher can accept any legal responsibility for Any errors or omissions that may be made. The publisher makes no warranty, express or implied, with Respect to the material contained herein.

Invention Journals Indexing Partners

All published paper in Invention Journals index in following world wide libraries.
